**TEXAS CAPITAL BANCSHARES ANNOUNCES OFFERING OF 3.5 MILLION SHARES OF COMMON STOCK**

**DALLAS, May 4, 2009** —Texas Capital Bancshares, Inc. (NASDAQ: TCBI) announced today that it has commenced a public offering of 3.5 million shares of its common stock.

Fox-Pitt Kelton Cochran Caronia Waller (USA) LLC will serve as sole underwriter for this offering. The underwriter will have a 30-day option to purchase up to an additional 15 percent of the offered amount of common stock from Texas Capital to cover over-allotments, if any.

The net proceeds of the offering will be used for general corporate purposes and to increase Texas Capital's strong base of tangible common equity.

After completion of an evaluation of Texas Capital's capital position and discussions with our primary regulators, we have stated our intention to redeem all of the shares of our Series A Preferred Stock issued to the U.S. Treasury Department pursuant to the TARP Capital Purchase Program. The proposed redemption will be made with available cash resources at Texas Capital. In addition, we may purchase the warrant issued to the Treasury as part of the TARP Capital Purchase Program. There can be no assurance of when the Series A Preferred Stock can be redeemed or if the related warrant will be repurchased in connection with the redemption.

"With the consummation of this offering, we will be well positioned to continue to follow our quality growth strategy and to redeem the Capital Purchase Program funds when permitted by the regulators," said George Jones, CEO. "We have a strong capital base and the potential to take advantage of attractive opportunities within the Texas market."

Texas Capital has filed a registration statement (including a prospectus) with the SEC for the offering. Prospective investors should read the prospectus in that registration statement, the preliminary prospectus supplement and other documents that Texas Capital has filed with the SEC for more complete information about Texas Capital and the offering.
